BRAKEMAN'S NARROW ESCAPE

Signaling For His Own Train Is Knocked From Platform.

FOUND UNCONSCIOUS

Slight Injuries Sustained But Incapable For Duty For Awhile.

Stanley Collins, a brakeman on an L. & N. freight, came near meeting a horrible death at Latham station, just north of the river, last Sunday afternoon.

He was standing on the rear platform of the caboose of his train signaling his engineer, and of course, was looking intently toward the head of his train. Another freight was switching at the same time on another track. Before Collins knew anything he was struck by the rear car of the other train and knocked off the platform, falling in the space between the two tracks.

When the man was picked up he was unconscious. However, he soon regained consciousness and was brought to the station in this city and Dr. Blakey was summoned by phone. His wounds were dressed and pronounced not of a serious nature, though it will be several days before he will be able to do any work.

Collins' injuries consist of a bruised side, a wound back of the head and a bad cut in the face; his nose is said to have been nearly cut off.

The unfortunate young man's home is in Earlinton. He had a very narrow escape from death, as he fell so near the train on the converging track. The accident, so far as we learn, can not be attributed to the carelessness of Collins or the men of the other train.

PAINFUL ACCIDENT.

Shoulder is Dislocated by Fall From Ladder.

Mr. J. W. Gresham, of this city, was the victim of a very painful accident a few days ago. While doing some painting on a house on Mr. W. H. Boyd's farm, near Newstead, the ladder on which Mr. Gresham was standing gave way, and he fell, a distance of ten feet, dislocating his right shoulder.

SUDDEN DEATH OF I. P. DAVIE

Victim of Heart Failure at His Home In This County.

WAS 63 YEARS OLD.

Representative of One of the Leading Pioneer Families.

Mr. Iredell P. Davie, better known as Ide Davie, died very suddenly at his home near Howell Friday afternoon. He had been sick for several days and was lying in a hammock on the lawn and got up and went into the house and told his wife that he was feeling no better. Mrs. Davie went to the phone to call a physician and when she turned back to him she found him gasping for breath and he died as she reached his side, of heart failure.

Mr. Davie was a fine looking man of powerful physique, and was 63 years of age. He came of Revolutionary stock, his grandfather coming to this country in 1819. He became a wealthy planter and served as sheriff one term.

Ide Davie was one of the best educated men in the county, being a graduate of Yale College. He studied law but decided to follow farming as his chosen calling. He owned a fine farm and his library was an excellent one, and from his books he derived much pleasure.

Mr. Davie was a Mason of high standing and was a Past Master of Beverly Lodge.

His brother, Geo. M. Davie, was a leading lawyer of Louisville. Deceased is survived by a wife and three children, one son and two daughters.

The burial took place in the family burying ground. Mr. Davie was not a member of any church.

LITTLE HOPE

That She Can Walk for Many Months.

Gracey, Ky., July 8.—Mrs. M. A. Meacham, who was crippled by a fall last January, is still unable to walk, even with a crutch. A consultation of physicians was held last week and a careful examination made and it was found that the worst feature of her injury is muscular soreness and weakness. A massage treatment was prescribed. The hope is held out that she may be able to walk in five or six months more.

BROKE HIS ARM

By a Fall From a Straw Stack.

William Meacham, a seven-year-old son of Mr. W. F. Meacham, fell from a strawstack Friday at the farm of his grandfather, Mr. M. D. Meacham, and broke his arm at the elbow. A physician reduced the fracture and the boy is getting along nicely.

EASILY PROVED HIS RIGHT

Good Story Told of Thomas Bailey Aldrich and Irish Magistrate He Captivated.

One of the most engaging qualities of the late Thomas Bailey Aldrich's humor was a certain happy impudence.

He delighted to tell of his experience in getting his name reinstated in the voting list of Boston after an absence of a year or two from his Mt. Vernon street home. Appearing before a magistrate of the race that, as Lowell said, "fought all our battles and got up all our draft riots," he was asked his name and occupation, and if he could read. Modestly admitting that he could "a little," he was given the Declaration of Independence and told to "Read that."

"Begorra!" said Aldrich, "I will. 'Whin in the course of human joints—'"

He was incontinentally allowed to register.—Argonaut.

BRIGHT IDEA WENT WRONG.

An old actor who was not much given to the cheering glass, says the Billboard, one evening went to dine at the club with a friend—met several more, with the result that late in the evening he was "pretty mellow." He left his friends and started home and said to himself: "My boy, you're drunk! What are you going to do about it? I know! I'll go home and read—who ever heard about a drunken man reading?" Well, home he went in a cab—went to the library and commenced to read. Mrs. Actor later appeared on the scene. "What on earth are you doing?" she questioned. "Why—er—can't—you see what I'm doing, my dear? I'm reading."

"Reading," said his wife, scornfully, "what are you reading?" He looked at the book, but couldn't see the words, so he said: "That book's been in the house for last 20 years, so if you don't know I'm not going to tell you." To this his wife replied wrathfully: "You old fool, shut up that valise and come to bed."

LIMIT OF HUMAN STRENGTH.

Experiments upon a number of men have shown that a man five feet high and weighing 126 pounds will lift on an average 156 pounds through a vertical distance of eight inches, or 217 pounds through a height of 1.2 inches. Others 6.1 feet high and weighing 183 pounds could lift the 156 pounds to a height of 13 inches, or 217 pounds to a height of six inches. Other men six feet three inches high and weighing 188 pounds could lift 156 pounds to a height of 16 inches, or 217 pounds to a height of nine inches. By a great variety of experiments it was shown that the average human strength is equivalent to raising 30 pounds through a distance of two and one-half feet in one second.

AMONG THE ANCIENTS.

The great pyramid of King Cheops was nearing completion. "It's a wonderful structure," remarked the visiting monarch, gazing at it in astonishment. "What's it for, anyway?"

"It is merely—er—the first rude beginning of the modern skyscraper," gravely replied King Cheops. But the truth of the matter was that he had mislaid his copy of Baedeker and couldn't remember to save his life what his original idea was in building the thing.

ANOTHER REAL BOY.

Donald had come home from a day's visit with a relative. "Mamma," he wailed, "I'm hungry!" "Hungry, dear? Didn't Aunt Belinda give you anything to eat?" "Yes, she gave me some lemon fish, but I didn't like 'em." "Lemon fish? For pity's sake, what are lemon fish?" "Sour-dines."

The illa peculiar to women, take different forms.

Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express.

Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

TERRY COAL & COKE CO.,
Hopkinsville, Ky.

GENTLEMEN:

Replying to your favor of the 14th instant, I unhesitatingly advise all consumers of coal to lay in a supply during the summer months and thereby avoid the inconvenience which must result on account of a shortage of cars next winter, which in my opinion will be much more acute than was the shortage of last winter, unless the consumers lay in their coal supply as suggested.

You are at liberty to publish this in the interest of the producers and consumers of Coal.

Yours Very Truly,
C. C. McCHORD, Chairman,
R. R. Commission State of Ky.
The railroad and coal operating officials of Western Kentucky have given out the same official notice, and urge us to advise our stockholders, and customers to lay in their coal this summer.

Last winter's experience and high prices, together with the above timely information should be sufficient warning, and we trust our people will take advantage of it and act at once.

We are ready to supply you with coal in car load lots over either R. R. any day "the best coal at summer time prices," and trust that you will give us your orders early while we can get the cars to ship in.

THE ARMORY SQUARE IN FORT AGRA

Everywhere in the far east is to be found at work the leaven of a new spirit of progress and independence. Japan has done things, and the neighboring countries all through Asia are sitting up and taking notice. China is awakening, or rather awakened, and is rapidly modernizing her life, industrially, commercially and intellectually, as well as remodeling her army and navy along the most up-to-date lines, and the other adjacent countries are feeling the influence of such movement, in fact, so general is this new spirit manifesting itself that it is being referred to as Pan-orientalism.

It has cropped out in India, the country over which Great Britain has ruled so long with such pride, and shall we say, so well, for there is no question but that in many respects British administration in India has been enlightened and beneficent, in spite of this and perhaps as a result of the enlightenment and the educational work which Britain has wrought, India is beginning to feel a spirit of unrest. She has wrought under the hand of a master; now she wants to have the chance to show what she can do for herself.

It would be impossible to convince any Britisher in or out of India that the chief aim and effect of British rule have not been and are not now for the advantage of the natives; and it is not easy to refute the long established presumption, even if one were disposed to undertake the task, which I am not. In its more obvious manifestations this is excellent, its general administration being unusually efficient and free from petty official corruptions. All this is common knowledge. Since she abandoned the attitude of conqueror for that of pacificator, England's treatment of the natives of all classes has been generally beneficent and humane. Let us take conditions as they are, and the natives are dissatisfied with the conditions. Most dissatisfied of all, as a rule, is the educated native, he holds a good job, as jobs go in India, may be a judge or sub-governor, but he knows that always above him is a man not a native of the country (at least in a racial sense) in whom the real and final authority is vested. India is progressing, but Indians are not at the helm.

While many Indians have developed a capacity in modern education not excelled anywhere, there has grown up a large class of half-educated persons, usually called babus. These babus fill the minor government positions, are the clerks, salesmen, bookkeepers, telegraphers, stenographers, and so forth of commerce and industry. Many babus are of mixed blood, through alliance between foreigners and natives, thus acquiring some of the prestige of the white race while retaining close touch with the oriental. The babus are the visible cause of the present agitation, and it is through them that the virus has extended to the people. The exact origin of this particular wave of unrest is hard to trace. How long it has surreptitiously percolated and smoldered under the crust which separates the ruling class from the mass cannot be definitely established. Indeed, when has it not? ILL REPUT?

FACE TO FACE.

A New Problem For Women.

In the looking-glass a woman often sees wrinkles, hollow circles under the eyes, grooves' feet—all because she did not turn to the right remedy when worn down by those troubles which are distinctly feminine. Backache, lassitude, nervousness and the pains and drains of womanhood bring such untold suffering that the face is sure to show it.

Every woman, young or old, is well protected from the blues, nervousness, backache, and the many symptoms of disease so prevalent among our women—if they will conscientiously take Doctor Pierce's Favorite Prescription, a safe and sure remedy for the ills of womanhood, because it contains not a particle of alcohol, digitalis or any deleterious drugs. Weak women are made strong and old women are made well by this splendid prescription which was used by Doctor Pierce in his large private practice in the specialty of women's diseases. Every woman troubled in this way should write him about her case, care of invalids, Dr. J. C. Hart, 108 N. 3rd St., New York, N. Y.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and

FACE TO FACE.

A New Problem For Women.

There are the Original Little Pills. Over 30 years ago, by old Dr. Pierce, a small, unobtrusive, but powerful, remedy was introduced into the world. It was called "Pierce's Favorite Prescription." It was a "disease known is half cured." In cases almost innumerable after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented, when necessary, by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure.

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formulas and other untruthful statements published concerning Dr. Pierce's Favorite Prescription, the Doctor has decided to publish all the ingredients entering into them and place the same on the wrapper of each bottle. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experience, but as perfected they produce almost perfect pharmaceutical compounds embodying all the active medicinal principles residing in the ingredients employed, and preserving their potency for any length of time and in any climate without the use of a drop of alcohol.

These are the Original Little Pills. Over 30 years ago, by old Dr. Pierce, a small, unobtrusive, but powerful, remedy was introduced into the world. It was called "Pierce's Favorite Prescription." It was a "disease known is half cured." In cases almost innumerable after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented, when necessary, by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure.

FOR KENTUCKY—Partly cloudy and continued warm Tuesday.

George Essex, of Hardin county, Ky., has set the paragraphs by saying some entirely original things by marrying his mother-in-law.

Miss Margaret Frey, of Denver, Colorado, has been awarded the honor of being the most beautiful woman in America. She is 19 years old and a blond of the purest type.

The campaign next year will be pitched upon three great issues—Trusts, Tariff and Transportation. Mr. Bryan says they all stand for one idea, viz: Whether the government shall be administered in the interest of a few favorites or in behalf of the whole people.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constant failing to cure with local treatment pronounced it incurable. Science has proven catarrh a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally and it does from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

When Judge Henry B. Hines was selected to act as chairman of the State Campaign Committee a splendid day's work for Democracy was performed. In no political contest where he has engaged has he ever failed to secure every vote possible and this year will prove no exception. One secret of the success which has attended Judge Hines is the fact that he is as true to his friends as is the proverbial needle to the pole, and possessing unbounded energy he begins a fight from the start and never relaxes his efforts. With a splendid ticket to aid him he will win a great victory this fall and demonstrate Executive management to which a limited few can lay claim.—Franklin Favorite.

The inquiry conducted by Judge Landis at Chicago into the standing and financial resources of the Standard Oil Company commenced and was finished Saturday inside of two hours. The evidence was taken despite the strenuous objections of the attorneys. The chief witness was John D. Rockefeller, president of the Standard Oil Company of New Jersey. Very little information was derived from him. He declared he had not been in active business for twelve years, and said he had not been in the offices of the Standard Oil Company for eight years.

G. T. Wyatt was nominated as the Democratic candidate for the State Senate in the districts composed of Todd, Simpson and Logan counties, at a district convention in South Union. Simpson county was represented. C. C. Pare was a candidate and the nomination of Wyatt seems to have been in defiance of party authority. The committee rescinded the first call and was preparing to order a different setting of the contest that had developed but two counties refused to accept the change.

That a hen-pecked man may die was demonstrated at Anderson, Ind., when Joseph B. Bryan, aged 59 years, a retired building contractor, died in great agony from blood poisoning that developed at a point in his scalp, where a hen had pecked him so fiercely that blood had flowed. Bryan had undertaken to lift the hen from her nest when she attacked him. Despite his efforts at defense she flew upon his head and sank her bill into his scalp.

In an altercation on the street at Lexington, Saturday, Senator C. J. Bronston fired four shots at W. R. Milward, Sr. One was stopped by keys in the latter's pocket, while the others went wild. The arrest of both men followed. The trouble arose it is said, over recent domestic troubles of Bronston. His wife, who was Miss Belle Wisdom, of Paducah, recently left him.

HORRIBLE DEATH OF A FARMER

Esley Quine, of Lafayette, Sustains Fatal Injuries By A Fall.

HE WAS HAULING HAY

Team Ran Off And Victim's Neck Was Broken And Skull Crushed.

Mr. J. Esley Quine, a farmer on near Lafayette, was instantly killed about 5 o'clock Friday afternoon, his neck being broken and his skull crushed.

The fatal accident occurred on the farm of Mr. J. W. McClain, one mile north of Lafayette.

Mr. Quine and Mr. McClain were hauling hay, a little grandson of the latter being on the loaded wagon with Mr. Quine. The team of mules became frightened at some object and started to run.

Mr. Quine gathered the lines, but seeing that he and the child would fall, he threw the boy off and the little fellow escaped with a few bruises. Mr. Quine, however, fell between the mules and was killed as above stated.

The victim of the accident was thirty-three years old and a man liked by everyone who knew him. He had been engaged in farming for several years and moved to Lafayette from the Julien neighborhood some years ago.

He leaves a widow and two small children.

AGED NEGRO

Dies While Sitting in His Door Way.

Jo Buckner, col., aged about sixty years, was found dead at his home near Cates' mill. When members of the family retired, Buckner was sitting in the door. Later an attempt was made to arouse him and it was found that he had expired. He had been complaining of pains in his head for several days. The coroner held an inquest Sunday and the verdict of the jury was that death was due to some unknown cause.

HUNTER IS NOT HUNTING

For the \$20 Stolen From Him Saturday Night.

TAKING IT QUITE EASILY

Thief Considerately Left His Trousers In Hurry.

It may be that Tom Hunter, one of the salesmen at Frankel's, will have to spend his vacation in the city. He is minus his little nest-egg of \$20, which would have gone a long way toward helping Tom have a fine time at Salubria, Cerulean, Dawson, or some other summer resort.

Hunter boards at Mrs. Wall's, opposite the I. C. station. Saturday night, after having done a day's hard work, his time at the store running up to a late hour of the night, he went to his room.

Lake all tired young fellows, Tom had hardly hit the bed before he was clasped in the arms of Morpheus and carried far away into dreamland. When he awoke Sunday morning and began to dress he discovered that while he was in dreamland a thief had paid him a "professional call." The thief did not leave his card, and so Tom is all at sea as to who the midnight visitor was.

The thief had rifled Tom's trouser pockets and appropriated the \$20 hard-earned money. The wonder is that he didn't take the pants, too. Hunter is taking his loss as coolly as possible during this torrid weather and has quite a philosophic air, but he will make no effort to run down the thief on account of the heat, and he does not want to impose on the good nature of a too willing police force. He has just given his money up as "a goner," and will hereafter sleep with one eye open, stay out of dream-land or put his money where thieves do not prowl at night.

BACCED THREE.

Constable Winfree Captured Negro Accused of Burglary.

Two Other Arrests On the Same Drive At Casky.

The Pembroke Journal last week contained an account of the mis-treatment of Mrs. Mary Lloyd, aged 88, at Casky, by a negro who entered her apartment several times and frightened her.

The aged woman has been living by herself in a cottage. She was awakened by a noise in her room and discovered a man near her bed. She screamed and he beat her on the head and attempted to smother her in bedclothes, threatening to return and murder her if she told what had occurred. He left the house, but returned on two other occasions and threatened Mrs. Lloyd's life. She communicated with friends in Casky, who took her to their home. On his first visit to the house the negro left his hat, which is said to have been identified.

Constable Tom Winfree went to Casky Friday night and arrested Ernest Slaughter, on suspicion. On the same trip he also arrested Andrew Whitlock, colored, upon a charge of burglary. He is charged with having entered the home of Lula Withers and to have beaten her in much the same manner as Mrs. Lloyd was treated.

Also Albert Pool was arrested for petty larceny. All of the negroes were brought to jail.

Pool was tried yesterday and turned loose. Slaughter gave bond and will be tried Friday. Whitlock is still in jail.

ANOTHER WHITE MAN

Shot By a Negro and Would Be Murderer Makes Escape.

RESTAURATEUR VICTIM.

Elkton's Sensation May Be a Parallel With That of Trenton.

Thomas Garth, who keeps a restaurant in Elkton, was shot and dangerously wounded Saturday night by a negro named Finis Mimmis.

The particulars as given to Chief Roper are that Mimmis was employed by Garth as a waiter in the restaurant. During Saturday a man went into the restaurant and ordered his dinner. After getting through with his meal he paid the waiter who handed the money over to Garth.

Later in the day Garth, in some way learned that Mimmis, as the story goes, did not pay the proprietor all the money that he had received from the man who had taken his dinner. When Garth mentioned the matter to Mimmis the negro became very indignant and used some bad language to emphasize his protestations of innocence. Words multiplied and finally ended in the negro shooting Mr. Garth and making his escape before the officers heard of the trouble.

The last seen of the negro he was making good speed two miles this side of Elkton. Nothing had been seen of the negro here yesterday morning, though the police have been watching for him. It is not believed at police headquarters that Mimmis will come this way, but rather that he will make his way to Tennessee and escape arrest.

The condition of Garth is not considered dangerous, though his chances of recovery are lessened by the prevailing excessively hot weather.

Nothing, so far as we have heard, has been said of a lynching if the negro is caught. But in the light of the recent troubles over there, and the memory of the slaying of Officer Dickinson at Trenton by a negro still lingering in the minds of the people, if Mimmis does not use his heels to the very best advantage he will doubtless have a chance at star-gazing at the dangling end of a rope.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at R. C. Hardwick's drug store. 50c and \$1.00. Trial bottle free.

NEW SUPERINTENDENT.

Mrs. Postell Chosen by The Board.

At a meeting of the trustees of the colored city school held last week Mrs. Fannie Postell, wife of Peter Postell, was elected superintendent. Some of the teachers were elected also, and the list will be completed at a meeting to be held in a few days.

Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at Hardwick's drug store. Price 50c.

Died At Asylum.

CUTICURA WORKS WONDERS

Testimonials Received Daily Telling of the Wonderful Cures of Torturing Disfiguring Humors of the Skin, Scalp and Blood.

CURES ARE SPEEDY AND PERMANENT

"I was afflicted with eczema on my face and hands and I used medical treatment for two weeks, but to no avail. I then commenced using the Cuticura Remedies, and after using two cakes of Cuticura Soap and one box of Cuticura Ointment for a little over a month I was entirely cured. Miss Jennie B. Chamberlain, Marcy, R. F. D. No. 1, N. Y., May 28th, 1906."

ANOTHER CURE

"I suffered for more than ten years with a skin disease. Sores were on my legs and they made me sick. Physicians were called in to attend to me, but they did me no good. Nothing seemed to do me any good until one day one of my friends advised me to try the Cuticura Remedies and which I did, and in less than four weeks I was made well. I used the Complete Treatment, consisting of Cuticura Soap, Cuticura Ointment and Cuticura Pills. My friends were surprised at such a quick cure, and I am glad to tell everybody what my Cuticura Remedies have done for me. Bertha Simpson, Alviso, Calif., May 24, 1907."

"My two children had the eczema, the first one had it for five months all over the body and we had two doctors treat her. I saw the Cuticura Remedies advertised and bought the Cuticura Soap and Cuticura Ointment and Cuticura Pills, and after using them it wasn't but a short while before she was cured. My other child was also afflicted and the Cuticura Remedies cured her also. We think the Cuticura Remedies are the best on the market, and we always keep the Cuticura Soap and Cuticura Ointment on hand. Dr. C. Crosson, Lovelady, Texas, May 30, 1906."

SATURDAY, JULY 13th, at 8. a. m.

Winter's lingering in the lap of spring did it. Perhaps you remember that when we expected pleasant weather early in the season, it rained, then it rained again, and then it rained between rains and all at the time when we should have been selling spring things. This short season leaves our stock too large. **NOW THINGS MUST GO.** New season and new stock in view. Plenty of time to wear light weights, but short time to sell them. So here goes. The more you buy, the more money you make, goods advancing all the time, but this stock must be sold regardless of prices to make room for the fall goods. That is the whole story. Remember the time and the place. The doors will open promptly at **8 O'CLOCK, SATURDAY, JULY 13, '07.**

J. T. Wall & Co. are preeminently the sales makers of Hopkinsville, an acknowledged fact that when they do put on a sale it is a real genuine money saver for the people. No fake. No old dilapidated goods bought to work off on Christian county people at a profit. Our sales have always been a success because we do all we promise and even more. This is an opportunity that you can't afford to miss. Everything marked in plain figures. Hundreds of bargains that we haven't space for on paper.
